FOREWORD

The purpose of this handbook is to serve as a guide for the operation of the Randolph Southern School Corporation Athletic Program. The rules, regulations, policies and procedures stated herein and approved by the Board of School Trustees of the Randolph Southern School Corporation provide the basis for the administration of the athletic program.

From this handbook, each athlete will know what is expected of him/her and how he/she can best create a winning and competitive spirit. It is to be noted that the term "athlete" refers to students taking part in cheerleading, managing, and interscholastic athletics at Randolph Southern Elementary and Randolph Southern Jr. Sr. High School.

PHILOSOPHY OF ATHLETICS

A vital and integral component of the curriculum for students at Randolph Southern High School is athletics. Through participation in athletics, students are offered the opportunity to achieve maximum development of their potential. It is through this participation that the athlete will gain an appreciation and understanding of teamwork, competition, leadership, dedication, and personal sacrifice. The standards and ideals established and practiced by the Athletic Department at Randolph Southern High School should foster these traits, and will greatly influence not only the student, but also the school and community.

To realize this philosophy, the administration, coaches, athletic director, parents, and support organizations must dedicate themselves to develop these traits. Staying within the framework of rules and sportsmanship, everyone involved with the athlete must help him/her pursue and strive for excellence. Though the motivation to pursue excellence lies with the athlete, it is the pleasure and duty for all to mold, encourage, work, and develop the young athlete at Randolph Southern.

ATHLETIC PROGRAM PROFILE

Randolph Southern Jr. Sr. High School currently supports 14 Varsity sports including Cheerleading. A number of Jr. High and elementary athletic programs exist to provide opportunities at lower levels. Participation encompasses 36 teams with over 200 athletes from grades 5-12. There are 5 elementary coaching positions while there are 31 Jr.-Sr. high school coaching positions. During the Fall, Winter, or Spring sport season, about 60 to 70 male and female athletes participate on a high school athletic team. Randolph Southern is a member of the Mid Eastern Conference (MEC). Members include Blue River, Cowan, Daleville, Monroe Central, Eastern Hancock, Shenandoah, Union, Wapahani, and Wes-Del. Randolph Southern is also a member of the Indiana High School Athletic Association (IHSAA). Randolph Southern Jr.-Sr. High School competes in the IHSAA Tournaments at the class A level in all team sports.

CODE OF CONDUCT

The athlete at Randolph Southern is a young person who prides him/herself on striving for excellence, both as a student and an athlete. As a member of the athletic program, he/she represents not only him/herself, but also family, teammates, coaches, school and community. He/she will constantly be in the eye of his fellow students and the general public. Accepting this responsibility, he/she strives to be a leader both on and off the floor. The athletes at Randolph Southern conduct themselves in such a manner as to be praised, not only as an athlete, but more importantly as a person.

The athlete bases his/her life-style on hard work, sacrifice, second-effort, determination, punctuality, and persistence. Just as these ideals will bring him/her success on the playing floor, they will bring him/her rewards in the classroom, earn his/her greater respect as an individual, and serve him/her well all through life.

CONDUCT IN PARTICIPATION

Be a modest winner.
Be a gracious loser.

It is a courteous gesture to congratulate your opponent after a contest. Therefore, it is expected from all Randolph Southern athletes.

A true athlete has complete control of him/herself at all times. Unsportsmanlike conduct, vulgar and/or inappropriate language will not be tolerated.

Athletes are to treat contest officials and coaches with respect at all times. Any questions as to a violation should be directed toward the coach, who may then address the official for clarification.

Penalties for violation of this section are as follows: Offenses will be addressed by the administration that include running during practices, quarter suspension, game(s) suspension depending on the severity or repeated nature of the offense.

MEDICAL/ELIGIBILITY

All athletes are required to have a complete physical before participating on an athletic team. A complete physical form must be on file in the office before an athlete can begin practicing. The Athletic department will notify parents of discounted physical opportunities as they are made available. If possible the department will offer on site physicals. If that isn't possible, information will be distributed as to the location of discounted physicals and dates of such discounts.

Any athlete with special medical concerns should notify the office.

Any athlete required to miss practices by a doctor's order must present a release to the coach and athletic director from the doctor stating the date when he/she may begin practicing again.

Any athlete that misses more than five practices consecutively, due to an illness or injury, must obtain a doctor's release and follow the rules as established by the IHSAA before returning to participation.

In case of an injury, Randolph Southern School Corp. does not supply insurance for Athletes and will not be held responsible for any medical expenses that might result from such injury.

PRACTICE REGULATIONS

An athlete must have a good reason for missing practice. (Illness, funeral, or emergencies constitute a good reason.) The coach, athletic director and principal will have the final say concerning the missing of practice or contests. The athlete is to obey the specific rules of each coach. If a student misses school due to illness they are not permitted to attend practice, game or event. If problems occur between an athlete/parent and the coach, please contact the athletic director immediately.

If for any reason an athlete is unable to participate in practice for an extended period of time practices may have to be completed prior to participation in contests. If a student athlete were to miss 8-14 consecutive (after season's start) practices, 2 practices would have to be completed prior to being eligible to play in contests. More than 14 consecutive practices would result in 3 practices having to be completed to be able to participate in contests. (IHSSA Rule 9-14). If pre-season required practices have't been completed prior to injury the athlete will need to add at least one practice to the above stated numbers.

To use school facilities you must have supervision at all times. A student is not permitted to use school equipment or facilities without supervision. First Offense will be gym laps; Second offense will be game/meet suspension.

During practice times the use of cell phones is prohibited.

SCHOLASTIC ELIGIBILITY

The IHSAA and school regulations require the following academic standards for eligibility.

An athlete in grades 5 thru 12 must be enrolled and passing a minimum of 70% of the class periods offered. On a traditional seven period schedule the minimum would be five out of the seven classes.

Eligibility periods will begin or end the day that grade cards are issued.

An elementary student must be enrolled in the fifth grade in order to be eligible to participate on a junior high team.

Any student/athlete that is academically ineligible at the conclusion of a respective school year, will not be eligible when the next school year begins. Eligibility may begin when the first grade cards are issued.

Each coach is responsible for permitting only academically eligible athletes to participate. The athletic director will provide a list of all ineligible athletes to coaches the day that grade cards are issued.

A student who is twenty (20) years of age on a scheduled date of the IHSAA state tournament in a sport shall be ineligible as to age for athletic competition in that sport.

In addition to maintaining satisfactory grades, an athlete should give respectful attention to classroom activities and respect for students and faculty members. If an athlete becomes a problem in the classroom, he/she should expect disciplinary action from the athletic department.

An athlete should have a good attendance record. He/She should seldom be absent or tardy from school. Athletes must be in school by the start of their fourth period on the day of an athletic contest in

order to participate that day. Exceptions will be made for:

1. Legitimate doctor, dentist appointment.
2. Funeral
3. All other absences must be cleared with the principal or athletic director.

If an athlete is suspended from school, he/she may also be suspended from one or more athletic contests upon his/her return. While serving a suspension from school, athletes are not allowed to participate in athletic contests or practices.

GENERAL RULES

All athletes must adhere to the standards and rules established by the Indiana High School Athletic Association.

Participation of 5th grade athletes in Jr. High athletic events are not sanctioned by the Randolph County Principals and Athletic Directors Association. 5th grade athletes may participate in non county events and the Randolph Southern September Cross Country Invitational.

Once the season begins, all athletes shall attend the high school sport in season and shall not miss an event for something not school related. Each coach will address absences to practices and/or games in their rules.

All Penalties in this handbook must be acted on and completed before the athlete can participate in the next contest.

Any member of the high school coaching staff that recognizes a violation by an athlete will result in assessment of penalties as outlined in the Student Athletic Handbook and Student School Handbook.

Coaches may have additional rules. Additional rules should be shared with the Athletic Director, parents and team members. Team members are expected to follow the rules as set by their coach.

Parents need to communicate with the athletic director over any problems that they may be having with a coach. Do not talk with the coach after a contest, please set up an appointment with the athletic director and coach if needed. It is nearly always best to address concerns 24-48 hours following a contest or practice issue.

Athletes represent the community, school, and athletic department. Therefore, it is expected that all athletes will act as a good citizen when traveling to and from the event. Equipment and facilities of the opposing school will be respected and cared for just like personal equipment. Any breaking, defacing, etc., which is purposefully done, will result in restitution by that person as well as punishment by the athletic department.

All students involved in an athletic contest will ride the transportation provided by the school. Participants may ride home with their parent(s) only after permission is given from the coach and the parent(s) have signed the transportation waiver form.

Any student that drives to an athletic practice or event away from school (i.e Golf) must have a waiver of

transportation form signed by their parent(s), on file in the office. Student drivers are not permitted to take another student with them. The school will provide transportation for all other students.

PARENT/COACH COMMUNICATIONS:

Parents and Coaches Helping Student-Athletes Succeed

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to our children. Parents and coaches are important role models for students; they both provide necessary guidance to young adults in their development and in their understanding of the world in which they will live and work as adults. By understanding and respecting each other, parents and coaches, working together, can greatly benefit children. When your children become involved with the athletic program at Randolph Southern High School, you, as parents, have a right to understand the expectations that will be placed upon them. Clear communication between parents and coaches facilitates this understanding.

The following information is intended to be used as guidelines to establish an environment in which open communication and mutual respect are fostered.

Communication You Should Expect From Your Child’s Coach

- Philosophy of the Coach
- Explanation of athletic department training rules
- Locations and times of all practices and contests
- Team requirements and/or expectations
- Discipline that may result in the denial of your child’s participation

Communication Coaches Expect From Athletes and Parents

As your children become involved in the athletic program at Randolph Southern High School, they will experience some very rewarding moments. It is important that there also may be times when things do not go the way your children wish. At these times discussion with the coach is encouraged.

- Concerns should be expressed directly to the coach.
- Notification of any schedule conflicts well in advance.

- Specific concerns with regard to a coach's philosophy and/or expectations.
- The treatment of your child, mentally and physically.
- Concerns about your child's attitude.
- Ways to help your child improve.
- Academic support, college opportunities

Issues Not Appropriate To Discuss With Coaches

Coaches are professionals who make judgments based on what they believe to be best for all students involved. Certain things can and should be discussed with your child's coach. But, other things should be left to the discretion of the coach such as:

- Team strategy
- Playing time (during the season)
- Other student-athletes positions or playing time
- Play calling

Procedure To Follow when You Discuss A Concern With A Coach

There are situations that may require a parent conference with coach(es). These are encouraged! It is important that both parties involved have a clear understanding of the other's position. The following procedures should be followed to help promote resolution:

1. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and the coach and seldom promote a resolution. It is almost always best to wait 24-48 hours before attempting to address issues resulting from a practice or game.
2. Call the athletic office (874-2541) to set up an appointment with the coach.
